Same Old Story

Last night at 7:30 an alarm was sent in from District No. 25. The fire was located in a three-story brick tenement house in Wall street North of Second, belonging to Mr. Henry Derach, being occupied by Mrs. Parker on the first floor and Judah Hughes and wife on the second floor.

The fire originated in the Hughes flat, and according to Mrs. Hughes' statement started from a match being carelessly thrown on the floor after lighting a lamp. When the Kinney Mac and crew arrived the blaze was belching forth in good fashion, and from appearance it looked dangerous. As usual, the boys walked right in and did the heroic act, and it was all over with Mr. Fire. The entire loss will not exceed \$150.

According to their means, the Hughes family was the greatest sufferer. There was no insurance on the building.

It was just twenty seconds from the tap of the bell giving the alarm until the Kinney Mac was on its way to the fire.

EVELYN THAW may become a model again, but hardly one for young women to pattern after.—St. Louis Post-Dispatch.

When you buy goods in some distant city that could be had as well at home, you miss the chance to make a business ally in your own town who sooner or later may be very useful. If the mistress of a home on a swell street goes to the metropolis for her fine feathers, soon the wife of the clerk and the laborer will be sending their dollars to build up some congested center. In Colleges a passion of loyalty creates enthusiasm for athletic teams, leads to fervent backing of all common enterprises, and binds men together in after life. Could we but get that feeling of loyalty to our home town, based both on the personal advantage of business reciprocity between individual citizens and on real affection for the institutions and enterprises of the place we call home, our city would advance with the vim of College life.

## SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have no equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 106 Mound St., Peoria, Ill.

## Another Operation Avoided.

## Our Weekly Tobacco Letter

We sold on our market last week 1,070,186 pounds of loose tobacco, which was the largest week we have yet had on the Mayaville market. Of this amount 640,126 pounds were sold at the Farmers' Warehouse and 430,060 pounds at the Tuck-Lo Warehouse. Prices ranged from 3c to 21c.

The past week we had tobacco from Bourbon, Nicholas, Carter, Lewis, Robertson, Fleming, Bracken, Mason, and Brown and Adams counties, Ohio. The market was strong especially on the better grades. A great amount of the offerings was of poor quality but sold well.

This week we expect larger offerings but we have ample facilities for handling your tobacco.

## Free Remedy Helps Children

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.

This Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. Then, it is mild and never gripes. It is all that a child's remedy should be, though it is a good laxative for the whole family because it is effective at all ages. It is simply not dynamic like salts, pills and powerful cathartics, which should not be given to children anyway.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—over night wonderful results have been secured with Syrup Pepsin.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle direct to your home. Then when satisfied buy it of your favorite druggist.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 641 Caldwell Building, Monticello, Ill.

Race suicide is evident at Lexington. Last year there were only 212 births and 666 deaths.

Congressman Bennett has introduced a bill granting an increase of pension to Nicholas Dorn.

The gage marks 36.4 this morning, being a rise of 6.3 feet in the past twenty-four hours. With present conditions the river will likely reach a gage of between 45 and 50 feet.

Statistics of Accidents

C. J. Norwood, State Geologist and Chief Mine Inspector, has maintained for the last 25 years complete records of the coal-mine accidents of Kentucky. During that period the deaths have reached a total of 405, an average of 16 a year, and the non-fatal accidents 1,683.

Archbishop Ryan Improves

PHILADELPHIA, Pa., January 30th—Archbishop Ryan's condition was reported to be slightly improved late tonight. At the Cathedral residence it was said the venerable Prelate was feeling easy and there had been no recurrence of the sinking spells which had caused alarm early in the day.

Banquet to Bishop Burton

More than 100 Clergymen of the Episcopal Church of Kentucky and other States attended a dinner given at the Y. M. C. A. banquet hall in Lexington Monday evening in honor of the Right Rev. Lewis W. Burton, D. D., Bishop of the Diocese of Lexington.

Brilliant speakers from four States talked of various phases of Church life, duties and opportunities, and all of them knew of the work of Bishop Burton and gave tribute to him for what he has done in the Lexington Diocese.

Lieutenant Governor William H. Cox of Maysville spoke on "What Shall Be the Response on the Part of the Laymen of the Diocese of Lexington?" He spoke of their obligations, and the need of the end of indifference and of satisfaction with things as they are, asking the men to arouse themselves in the work of the Church.

Rev. J. H. Fielding and Hon. A. D. Cole of Maysville were in attendance.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Maysville women know how the aches and pains that come when the kidneys fail, to make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all of these disorders. Here's proof of it in a Maysville woman's words:

Mrs. John Burns of Maysville, Ky., says: "I value Doan's Kidney Pills just as highly today as when I gave a statement for publication in their favor some years ago. I was subject to attacks of kidney trouble and at times the pain in my back was so acute that I was confined to my bed for days. The prompt relief I received from Doan's Kidney Pills, procured at J. J. Wood & Sons' Drugstore, was very gratifying, and during the years which have since elapsed I have had no serious return of kidney trouble. On some occasions, I have felt a slight backache, but a few doses of this valuable remedy have never failed to ward off any bad attack."

For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—take no other.

TEN THOUSAND DRUGGISTS

Unite in Their Opinion Regarding a Certain Medicine

Druggists should know better than any one else the value of every medicine.

Therefore, when over ten thousand recommend Vinol, the cod liver and iron tonic, without oil, over their own signatures as the greatest tonic reconstructor and strength creator—and offer to return the purchase money in every case where it fails to give satisfaction, it must indicate that Vinol is a pretty reliable medicine.

We could publish columns of such testimony as the following:

C. A. Potterfield, the leading druggist of Charleston, W. Va., says he used Vinol for every member of his family and has never been disappointed with the results.

Mr. J. F. Bradley, druggist, of New Brunswick, N. J., says: "Vinol is certainly a wonderful medicine." He has proved it from personal experience.

The many years that Vinol has been on the market has served to strengthen its popularity, and proved by continued tests that it will do all that is claimed for it.

Try a bottle of Vinol with the understanding that your money will be returned if it does not build up your strength and give you an added interest in life. John C. Pecor, Druggist, Maysville, Ky.

Mr. Thomas L. Best, who has been suffering from a sore foot the past two months, is still confined to his home in East Second street.

An Atchison man has been sick so long that when his wife meets people on the street she says, without being asked: "He's just about the same."

Mrs. Mary Wallace is quite ill at her home in East Fifth street. Miss Eleanor Wallace, who has also been hoaxed with the grip, was able this morning to resume her duties as teacher of the Hilltop school.

A GOOD LAW

Should Be Enforced to the Letter—But Will It?

The last Legislature passed a law under which physicians are required to report within ten days the name of the child and its parents and the date of its birth.

They are also required to issue a certificate of death, which states the name of the deceased, age, cause and date of death. Undertakers are required to secure a certificate of death and present it to the local Registrar, who will issue a burial or removal permit. Interments without this permit are illegal.

The State Board of Health has appointed the following Registrars for this city and Mason county:

Maysville Nos. 1, 2, 3, 4, 5, 6, and Plughtown No. 7, Dieterich No. 20 and Hilltop No. 16—John C. Pecor. Dover No. 8—J. Elgin Anderson. Minerva No. 9—Frank Boyd. Fernleaf No. 10—William Reeder. Germantown No. 11—Miss Grace Pepper. Murphysville No. 12—Thos. Crawford.

Sardis No. 13—To be supplied. East and West Mayslick Nos. 15 and 14—Richard Hopper. Washington No. 17—Andrew Wood. Helena No. 18—F. M. Costigan. Lewisburg No. 19—To be supplied. Plumville No. 21 and Orangeburg No. 22—Lewis Collie.

Section 22 of said Act provides "That if any physician, who was in medical attendance upon any deceased person at the time of death, shall neglect or refuse to make out and deliver to the undertaker or sexton, or other person in charge of the interment, removal or other disposition of the body, upon request, the medical certificate of cause of death hereinbefore provided for, he shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than \$5 nor more than \$50. And if any physician shall knowingly make a false certification of the cause of death, in any case, he shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than \$50 nor more than \$200."

Stolen Property Found

Saturday morning Mr. John Cord, while on his way to work, found two handsome cloaks a short distance East of the C. and O. bridge crossing Bridge street.

They were lying just under the embankment where they had been thrown by the thieves from a passing freight car they had broken into between Manchester and this city.

The garments were turned over to Chief Ort, who in like manner returned them to the C. and O. office.

### Large Number of Machines Used

Kentucky is one of the States in which the use of machines for undercutting the coal has shown the greatest advancement, over 50% of the total tonnage being mined by machines, and, although there is no proof for the statement, it is not unreasonable to believe that this undercutting of the coal, lessening as it does the proportion shot from the solid, is responsible in some degree for the few fatal accidents from gas and dust explosions. In a quarter of a century the total number of deaths from this cause in the coal mines of Kentucky has been 21, or less than 1 a year. In 1909 there were 877 machines in use, and the machine-mined product amounted to 6,461,393 short tons, or 60.5% of the total, against 750 machines and 5,252,753 tons of machine-mined coal, 51.27% of the total, in 1908. Of the machines in use in 1909, 547 were paunchers, 308 were chain-breast machines, and 20 were long-wall. Two of the machines in use were of the old-style cutter-bar type, now practically obsolete.

The reason is plain. Cheapest slack in the Underfeed gives as much clean, even heat as the most expensive grades which ordinary heating plants require. This enables Underfeed Furnace and Boiler users to effect an every year saving of 50% to 66%. Why give this good coin to the coal man? Put it in the Underfeed and let
